5	Section added: Guidelines for FNR CORE co-funded projects

Congratulations on securing your FNR grant!

As an FNR beneficiary, you're now part of a community that's driving research and innovation forward. It's important to recognise the support that makes this possible—both for your visibility and your founders.

To help you do this with clarity and impact, we've prepared these FNR Communication Guidelines. Here you'll find everything you need to:

- Include the **written acknowledgement** in your communications
- Use the **FNR logo** correctly
- Apply **official colours**

We wish you every success in your project and look forward to seeing the impact of your work!

01. ACKNOWLEDGEMENT OF FNR FUNDING

Beneficiaries of the Luxembourg National Research Fund (FNR) programmes, grants and schemes, **have the obligation to explicitly acknowledge that their action has received FNR funding**, it formally recognizes the financial support that made the research possible. This must be done, if possible and unless the FNR requests otherwise, in all communication and dissemination, as well as on all equipment, infrastructure and major results funded by FNR. **The FNR logo and reference to FNR funding must be displayed in a way that is easily visible for the public and with sufficient prominence** (taking also into account the nature of the activity or object). In case of non-compliance, the FNR reserves the right to pursue further steps.

FNR roll-up display:

Please **display an FNR roll-up** during formal occasions linked to **FNR funded projects or grants**. This includes events, lectures, exhibitions, PhD defences, and official presentations. A roll-up is **available at your institute**. For support, contact your institution's Communication Department.

Guidelines for: FNR Research Programmes - AFR PhD Grants - RESCOM Scheme

The FNR expects that all project-related printed and electronic materials (e.g. invitations, presentations, films, posters, brochures, flyers, articles, funding texts, books, websites, social media and all other form of publications) should – as far as possible – **include the FNR logo in a prominent and appropriate position and always acknowledge FNR funding**, using the following phrasing:

Supported by the Luxembourg National Research Fund (FNR) (+ Project Code*) (*Grant Management System Application ID)

FNR support must also be **orally acknowledged** during all news media interviews, including popular media such as radio, television, news magazines and digital media! **In scientific publications:** please reference the funder in publication submission forms as Luxembourg National Research Fund (FNR). FNR must explicitly be mentioned as above in the "funding details" field/box and/or "funding text information" field/box (e.g. Scopus)

Guidelines for: FNR CORE co-funded projects (Fondation Cancer, André & Henriette Losch Fondation)

NCER

Each project funded under the FNR NCER scheme gets a dedicated logo. The project team can develop this logo, which needs final approval by the Luxembourg National Research Fund (FNR) prior to any usage. Furthermore, has a special **FNR funding acknowledgement logo** been created for use in **all NCER-related communications**. The FNR expects that all project-related printed and electronic materials (e.g., invitations, presentations, films, posters, brochures, flyers, articles, funding texts, books, websites, social media and all other form of publications) should – as far as possible – **include this special FNR funding acknowledgement logo in a prominent and appropriate position**. Please always use this acknowledgement logo together with the project specific NCER logo by placing it directly adjacent or at least on the same page as the NCER logo. **FNR support must also be orally acknowledged** during all news media interviews, including popular media such as radio, television and news magazines and digital media. The wording of the acknowledgement logo should not be separated from the graphic.
